# Harshit Mittal

Machine Learning Intern at Kubric  
North Delhi

## Summary

I am just an enthusiastic person who is interested in all the technologies which shape our future and make it a better one.

## Experience

### Kubric

#### Machine Learning Intern

June 2020 - Present (3 months)

Delhi, India

- Worked on AI Music Generation to be used for commercial purpose. Given an input like genre, duration etc we want to generate human like music
- Researched on various state of art networks used in both symbolic and raw audio generation
- Worked on conditioning transformers with mood, genre input
- Worked with my mentor on the music generation pipeline
- Gained a high level overview of music theory to enhance the domain knowledge.

### MrBookRobot

#### Data Scientist

June 2020 - Present (3 months)

New Delhi, Delhi, India

- Building a Book Recommendation System to suggest user, books based on some input like genre etc
- Working on using Big Data technologies for proper scalability of the project.
- Integrating Machine Learning with Android App

## ANZ

### Data Analytics Virtual Internship

April 2020 - April 2020 (1 month)

New Delhi, Delhi, India

Completed Practical Modules in :

- 1) Exploratory Data Analysis
- 2) Predictive Modeling

## International Conference on Artificial Intelligence and Applications

### Student Organiser

February 2020 - February 2020 (1 month)

- As the Master of Ceremonies, ensured smooth and successful conduct of the conference

## Inception Wave

### Human Resources Manager

January 2020 - February 2020 (2 months)

New Delhi, Delhi, India

- Worked as a part of the Inception Wave Human Resource Team
- Made valuable contribution in recruiting and managing Marketing Interns

## Rotaract

### Member
