Bengaluru

Summary

NIT Bhopal Graduate with analytical and statistical skills, good at machine learning concepts such as predictive modelling using supervised and unsupervised learning, interested in solving business problems using data meticulously, loves to work in a team, ardent and continuous learner with effective written and verbal communication, seeking an opportunity to be a part of an organisation which can give me a chance to utilise and enhance my skills.

My previous experience had been in education sector where I had several roles and responsibilities such as a mentor, centre manager and business analyst. This work involved me in interaction with the stakeholders, maintaining rapport with them, prepared databases of business requirements and dashboard for day to day activities. Worked with marketing team in execution of activities that generated leads to business. Mentored IIT JEE aspirants to crack JEE. Analysed their performance, prepared performance reports, drew insights from the reports' data and worked on amelioration of their weakness.

Completed Graduation (B.Tech) from NIT - Bhopal in 2016.

Skills : SQL, Excel, R, Python, Numpy, Pandas, Seaborn, Machine Learning, Statistics, Mathematics
