Student at Thapar Institute of Engineering and Technology  
Patiala

## Summary

I am a hardworking and detail oriented individual with a keen interest in Data Science. Currently pursuing B.Tech in CS from Thapar Institute of Engineering and Technology, I have done several projects in technology domains like MATLAB, Python, C++ . I am a self starter and have an algorithmic bent of mind. I have done several projects to solve day to day problems in and around campus using Big Data technology domains such as SQL, R and Tableau. Currently looking for Internship Opportunities in Data Science/ Data Analytics roles.

---
